

Session Program

11-12 Nov 2008

Distributed Database Operations Workshop

***Distributed Database Operations - Hardware
Requirements & Performance Review***

CERN, 160/1-009

Tuesday 11 November

14:00

Distributed Database Operations - Hardware Requirements & Performance Review

Session | Location: CERN, 160/1-009

14:00-14:30

Review of Experiments' Hardware Resource Requests at Tier0

Speaker

Maria Girone

14:30-15:00

Review of Experiments' Hardware Resource Requests at Tier1s

Speaker

Gordon David Brown

15:00-15:10

ATLAS Reconstruction jobs

Speaker

Richard Hawkings

15:10-15:30

ATLAS DB performance task force

Speaker

Alexandre Vaniachine

15:30-15:45

coffee break

15:45-16:15

COOL Performance - Status and Outlook

Speaker

Dr Andrea Valassi

16:15-17:45

Data Life Cycle Panel

Subcontributions

SAM

Speaker

John Shade

COOL

Speaker

Dr Andrea Valassi

ATLAS PVSS & TAGS

Speakers

Gancho Dimitrov, Florbela Tique Aires Viegas

Compass

Speaker

Dawid Wojcik

18:00

CMS PVSS

Speaker

Frank Glege

Oracle Solutions for Data Archiving

Speaker

Luca Canali
