PUBLIC EVENT

Thursday, April 14

Time: 21:00 – 23:00

Location: Auditorium Parco della Musica - Sala Sinopoli, Via Pietro de Coubertin, 30, 00196 Roma

Fee: 10 Euro per person (including transfer to and from theatre, organized by FCCW2016)

An entertaining evening **in Italian language** (with a simultaneous translation system from Italian to English will be provided for non-Italian speakers) bringing together art and science. A moderator guides invited guests and audience through several chapters, taking us from the origins of an elusive physics model that today explains our known Universe over the discovery of the Higgs boson to the open questions that this fifty years long research triggered and the societal impacts that it has.
