Dear Participants,

I would propose the following agenda for the Wednesday hike.

## \* Meeting (on foot):

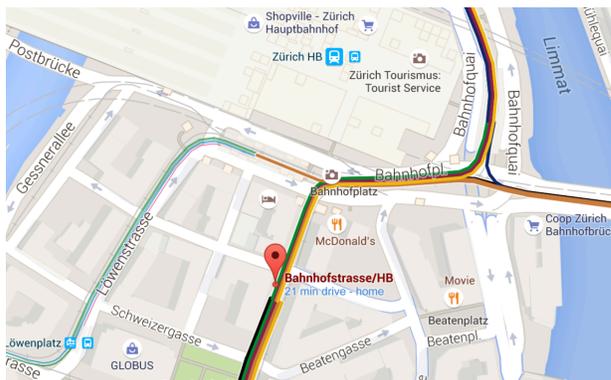

Zurich HB traffpunkt (inside hall) ~~15:20~~ **15:40**

OR who wants directly

Bahnhofstrasse tram stop ~~15:25~~ **15:45**

(<https://goo.gl/maps/dvHdMT4NuoS2>)

## \* Start (by tram to start of footpath):

Zürich, Bahnhofstrasse/HB departure ~~15:33~~ **15:48**

Zürich, Albisgütli arrival ~~15:49~~ **16:04**

**Tram 13**

**Richtung: Zürich, Albisgütli**

## \* Start (by train directly to Uetliberg ):

Zürich HB SZU departure ~~15:35~~ **16:05** platform 22

**S 10**

**Richtung (direction): Uetliberg**

Uetliberg arrival ~~15:55~~ **16:25**

Please board the train yourself and exit at Uetliberg, from there, the meeting point is the Uto Kulm watchtower and restaurant, about a 10min walk from the train stop.

## \* Meeting point on Uetliberg:

~~17:15~~ **17:30** meeting at Uto Kulm

## \* way down (by train, earlier)

Uetliberg departure **18:06**

S-Bahn 10

Richtung: Zürich HB SZU

Zürich HB SZU arrival **18:27** platform 22

\* way down (by train, later)

Uetliberg departure **18:36**

S-Bahn 10

Richtung: Zürich HB SZU

Zürich HB SZU arrival **18:57** platform 22

People need a ZVV ticket valid for 4 zones: 110, 154, 155. Since zone 110 counts as 2 zones, one actually needs a **4-zone ticket**. For a 24h ticket, it should cost 17.20 with no half-fare card, 8.60 with one.

**Please buy your ticket in advance before the meeting time!**  
**Tickets cannot be bought on the tram/train!**

I would recommend to bring sports shoes (running shoes or similar), clothes suitable for 30-degree (C) weather and a wind jacket in case of winds, **0.5l bottle of water (!!!!)** and a little snack (chocolate bar or similar).

If you take the train, you will have about 1.5h-2h to enjoy the view and walk on the Uetliberg ridge (wheelchair accessible) and relax in the Uto Kulm cafe/restaurant.

On foot, we'll have about 1,5h of steep but easy hiking (not wheelchair accessible) plus some views along the ridge, with some 15-45min of time for the tower and restaurant.

Cheers,  
Joosep
