MoinMoin Wiki Development

Monday, 3 July 2006 11:35 (30 minutes)

MoinMoin is a popular and powerful wiki engine in Python.

The talk will give an introduction to the MoinMoin core source code, extension concepts and extension development.

Shortly, we will present the flexibility of MoinMoin and how the user base (Python, Apache, Ubuntu, ...) looks like.

We will give an architecture overview as well as explain some code and show how you can write your own.

Primary authors: Mr SCHREMMER, Alexander (MoinMoin Wiki Core Team); Mr WALDMANN, Thomas (MoinMoin Wiki Core Team)

Presenters: Mr SCHREMMER, Alexander (MoinMoin Wiki Core Team); Mr WALDMANN, Thomas (MoinMoin Wiki Core Team)
