

NECSA-Wits workshop on Radiation, Material Sciences and High Energy
Physics

Contribution ID: 40

Type: **not specified**

**Measurement of the near-surface elastic properties
of solids and thin supported films using Surface
Brillouin spectroscopy**

Friday 11 September 2015 12:30 (15 minutes)

Presenter: Dr MATHE, Bhekumusa (University of the Witwatersrand)

Session Classification: Presentations V
