

Gravitational waves, Cosmic Primordial Radiation and the Origin of the Universe

July, 12th, 2016
18:00

TECHNICAL UNIVERSITY OF CHANIA (TUC)
MAIN AMPHITHEATRE IN THE SCIENCE/ECE
BUILDING (141.Π.98)

Public Lecture by Prof. Viatcheslav Mukhanov

University of Munich, Germany
(in English)

In 2015 Stephen Hawking and Viatcheslav Mukhanov were awarded The BBVA Foundation Frontiers of Knowledge Prize in Basic Sciences for discovering that galaxies were formed from quantum fluctuations in the earliest days of the Universe.

5TH INTERNATIONAL
CONFERENCE ON
NEW FRONTIERS
IN PHYSICS 2016

OAC, KOLYMBARI,
6 – 14 OF JULY, 2016

Technical
University
of Crete
