Gas control system for MPD Time-Of-Flight detector

Friday, 6 November 2015 11:40 (20 minutes)

1. Short presentation of detectors gropus in MPD.
2. Time-of-Flight detector as a part of Particle Identification system.
3. Construction of TOF detector.
4. Gas system: how it works, gas mixture parameters etc.
5. Slow control system.
6. Summary.
