

Session Program

3-7 Nov 2015

Welcome to NICA days 2015 in Warsaw

Common session with WPCF

Friday 6 November

15:50

Common session with WPCF

Session | Location:

15:50–16:20 **Rapidity fluctuations in the initial state**

Speaker

Wojciech Broniowski

16:20–16:45

Thermalization, evolution and observables in integrated hydrokinetic model of A+A collisions

Speaker

Yuriy Sinyukov

16:45–17:15

Study QCD Phase Structure in High-Energy Nuclear Collisions

Speaker

Nu Xu

17:15–17:45

Recent results from the NA61/SHINE programme on strong interactions

Speaker

Marek Gazdzicki

17:45–18:15

Searching for perfect fluid in ultra-cold fermionic gas

Speaker

Gabriel Wlazlowski

18:15
