

# MT25 The 25<sup>th</sup> International Conference on Magnet Technology

UNIVERSITY OF TWENTE

## Call for Abstracts and Papers

The International Magnet Technology Conference in 2017, MT25, will be held from **Sunday August 27 through Friday September 1, 2017** in the RAI Congress Center, Amsterdam, the Netherlands.

A comprehensive program will be presented at this foremost conference on Magnet Technology, including plenary and invited oral presentations, regular oral and poster contributions, and exhibits, all highlighting the latest developments in this field.

Abstracts in all areas of Magnet Technology are solicited for presentation at MT25. Submitted abstracts will be reviewed for content, and when accepted, used to build the technical program.

New for MT25 is that the conference timetable including all presentations, plenaries, orals and posters are published on-line on the indico website <https://indico.cern.ch/e/MT25-2017>

**Abstracts have to be submitted electronically** using the abstract submission website. **The deadline for submission is Friday March 3, 2017.** Post deadline abstracts are considered at the discretion of the Program Chair. Start submitting your abstract [here](#)

### Technical Submission Categories:

- A. Magnets for Particle and Nuclear Physics
- B. Magnets for Fusion
- C. Magnets for High-Field Facilities
- D. Magnets for Medical, Biological, and Analytical Applications
- E. Coils for Power, Energy, Transport, and other Applications
- F. Conductors and Materials for Magnets
- G. Magnet Test, Analysis and Design Tools
- H. Associated Technologies for Magnets

All submission categories are given at [www.MT-25.org](http://www.MT-25.org)

### Important Dates

Abstracts Submission Open:

**December 1, 2016**

Abstract Submission Deadline:

**March 3, 2017**

Notification of Abstract Acceptance:

**April 15, 2017**

Registration & Hotel Reservations open:

**February 1, 2017**

Early Registration Fee Deadline:

**June 23, 2017**
