

# Discussion of the scientific potential of muon beams

## Wednesday 18 November 2015

**Accelerator challenges - 60/6-015 - Room Georges Charpak (Room F) (15:35 - 17:00)**

**-Conveners: Kenneth Richard Long; Sergio Bertolucci**

time	[id] title	presenter
15:35	[12] Accelerator Science Challenges	PALMER, Mark
16:05	[15] Low emittance muon beam using positron on target	RAIMONDI, Pantaleo
16:15	[16] the ESS linac as proton driver for a high intensity muon beam for muSTORM, NF and Muon Collider	DRACOS, Marcos
16:25	[17] A short presentation about muon study in China	TANG, Jingyu
16:35	[21] Muons from photons	KRASNY, Mieczyslaw
16:45	[19] Discussion
