Comments:

"References are closer, but still not correct. For instance:

C. Fleurier, A. Sanba, D. Hong, J. Mathias, and J. C. Pellcier. "Plasma diagnostics in the heavy ion beam-dense plasma interaction experiment at orsay", J. Phys., 49:141–149, 1988.

should read

C. Fleurier, A. Sanba, D. Hong, J. Mathias, and J. C. Pellcier, "Plasma diagnostics in the heavy ion beam-dense plasma interaction experiment at orsay", J. Phys., vol. 49, pp. 141–149, 1988.

vol. and pp. are written out in IEEE reference format."
