

# 11th "Trento" Workshop on Advanced Silicon Radiation Detectors

## Tuesday, February 23, 2016

### HVCMOS 2 - Amphitheatre de recherche George Charpak (2:00 PM - 3:45 PM)

-Conveners: Cinzia Da Via

time	[id] title	presenter
2:00 PM	[158] TCT measurements of HV-CMOS test structures irradiated with neutrons	MANDIC, Igor
2:20 PM	[159] Investigation on the radiation resistance of HV-CMOS and pin diodes using a Transient Current Technique based on the Two-Photon-Absorption Process	VILA ALVAREZ, Ivan
2:40 PM	[160] SPS Test Beam characterisation results with CCPDv4 capacitively coupled to FEI4	DI BELLO, Francesco Armando
