

# PAT e-learning course – summary of the feedback

**Kati Lassila-Perini**  
**Helsinki Institute of Physics**

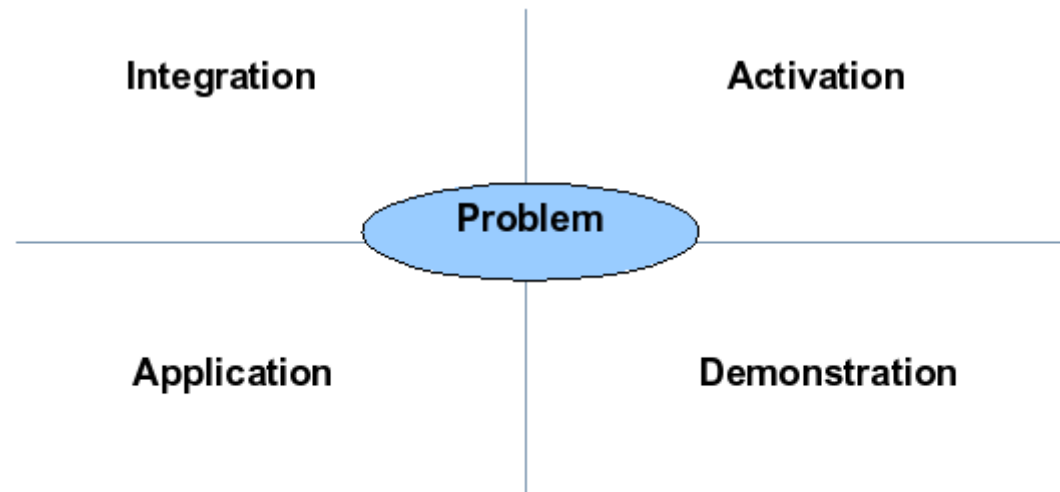

**CMS User Support**

- Motivations for the current format
- Your feedback:
  - participation
  - exercises
  - course format
  - your satisfaction
- Conclusions

# Motivation for the current format

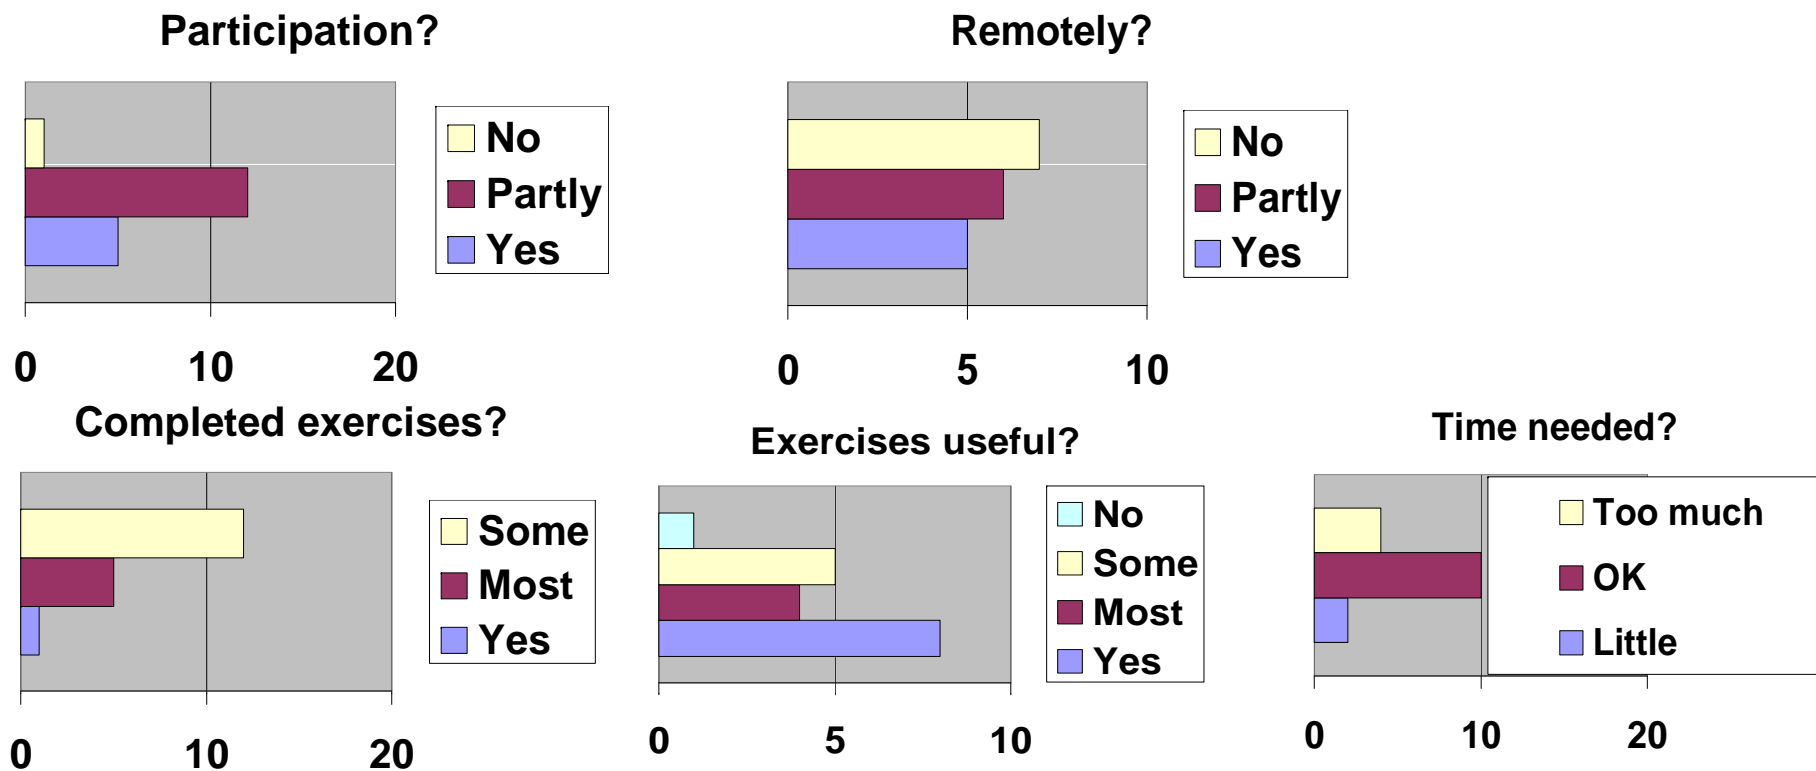

- ✓ First principles of instructions (M.D.Merril):

- ✓ Problem (=your project) centred approach
  - **demonstrative** examples which are **applicable** to your project
  - **activating** previous knowledge
  - **integrating** it all to your project.
- ✓ “Compulsory” exercises
  - Learning happens by doing – make you do...
  - more feedback from you during the round-table

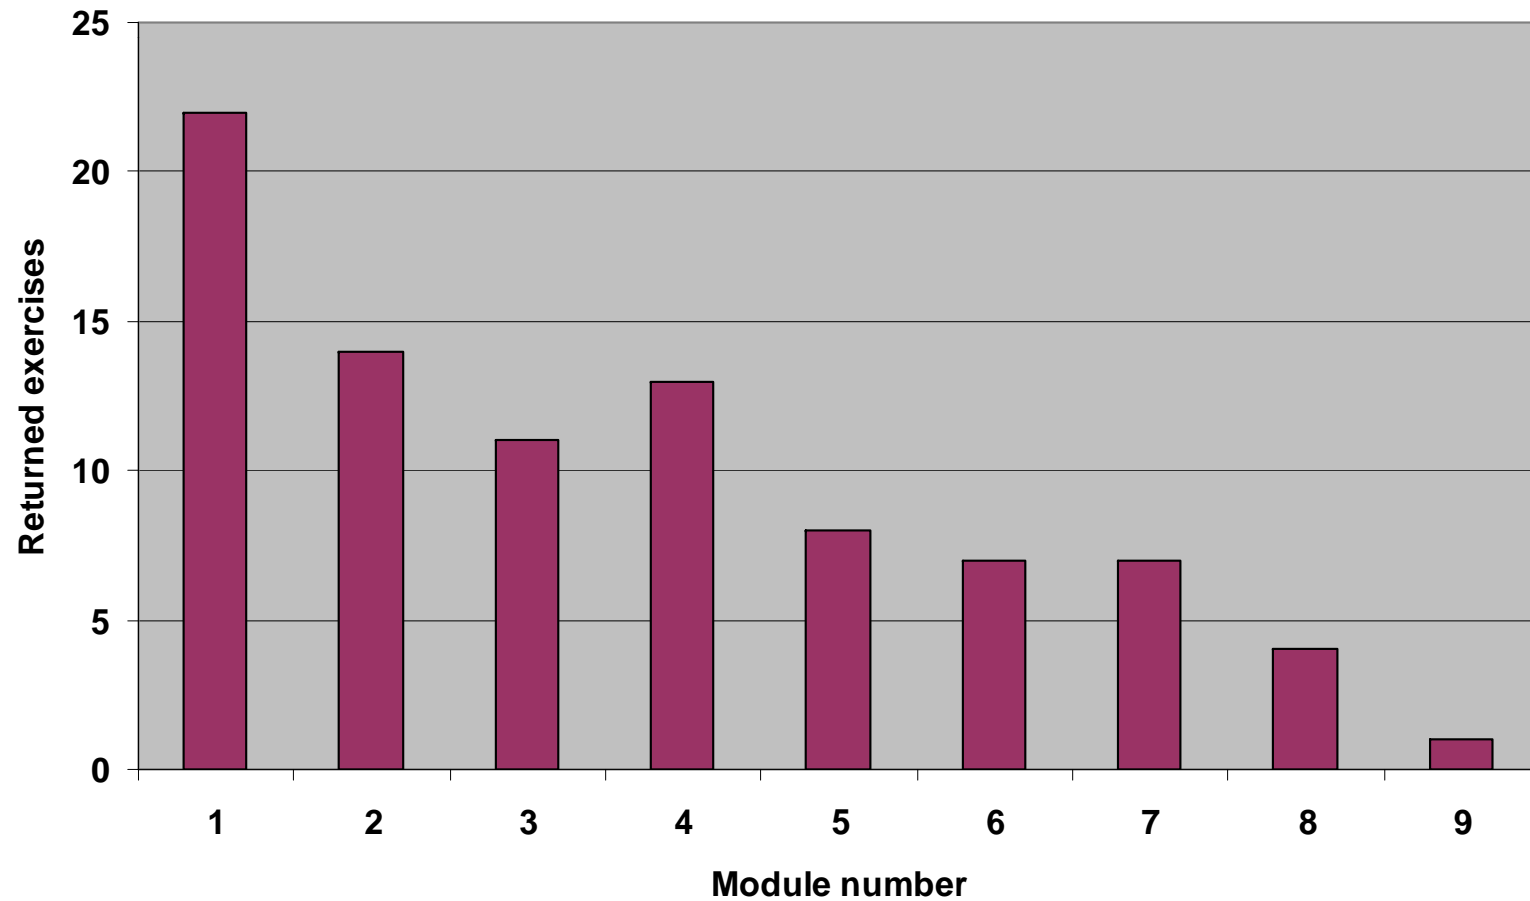

## Level of participation

- ✓ Number of participants
  - Accepted registrations 25
  - Cancellations 1
  - No-shows 2
    - course started by 22
  - Submitted project evaluations 12
- ✓ Level of participation (feedback from 18)

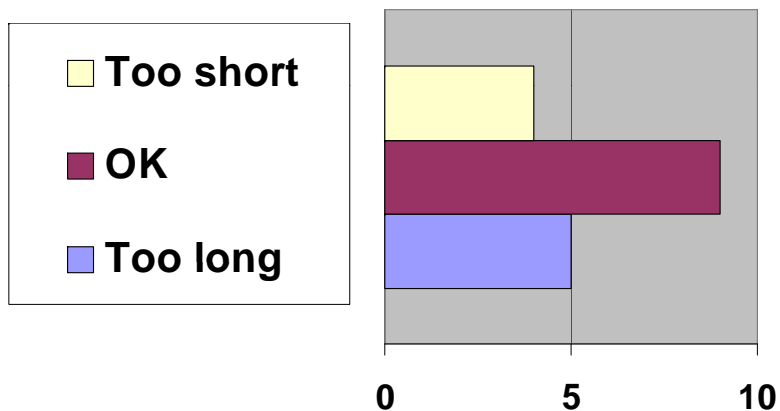

# Exercises

### Intensity?

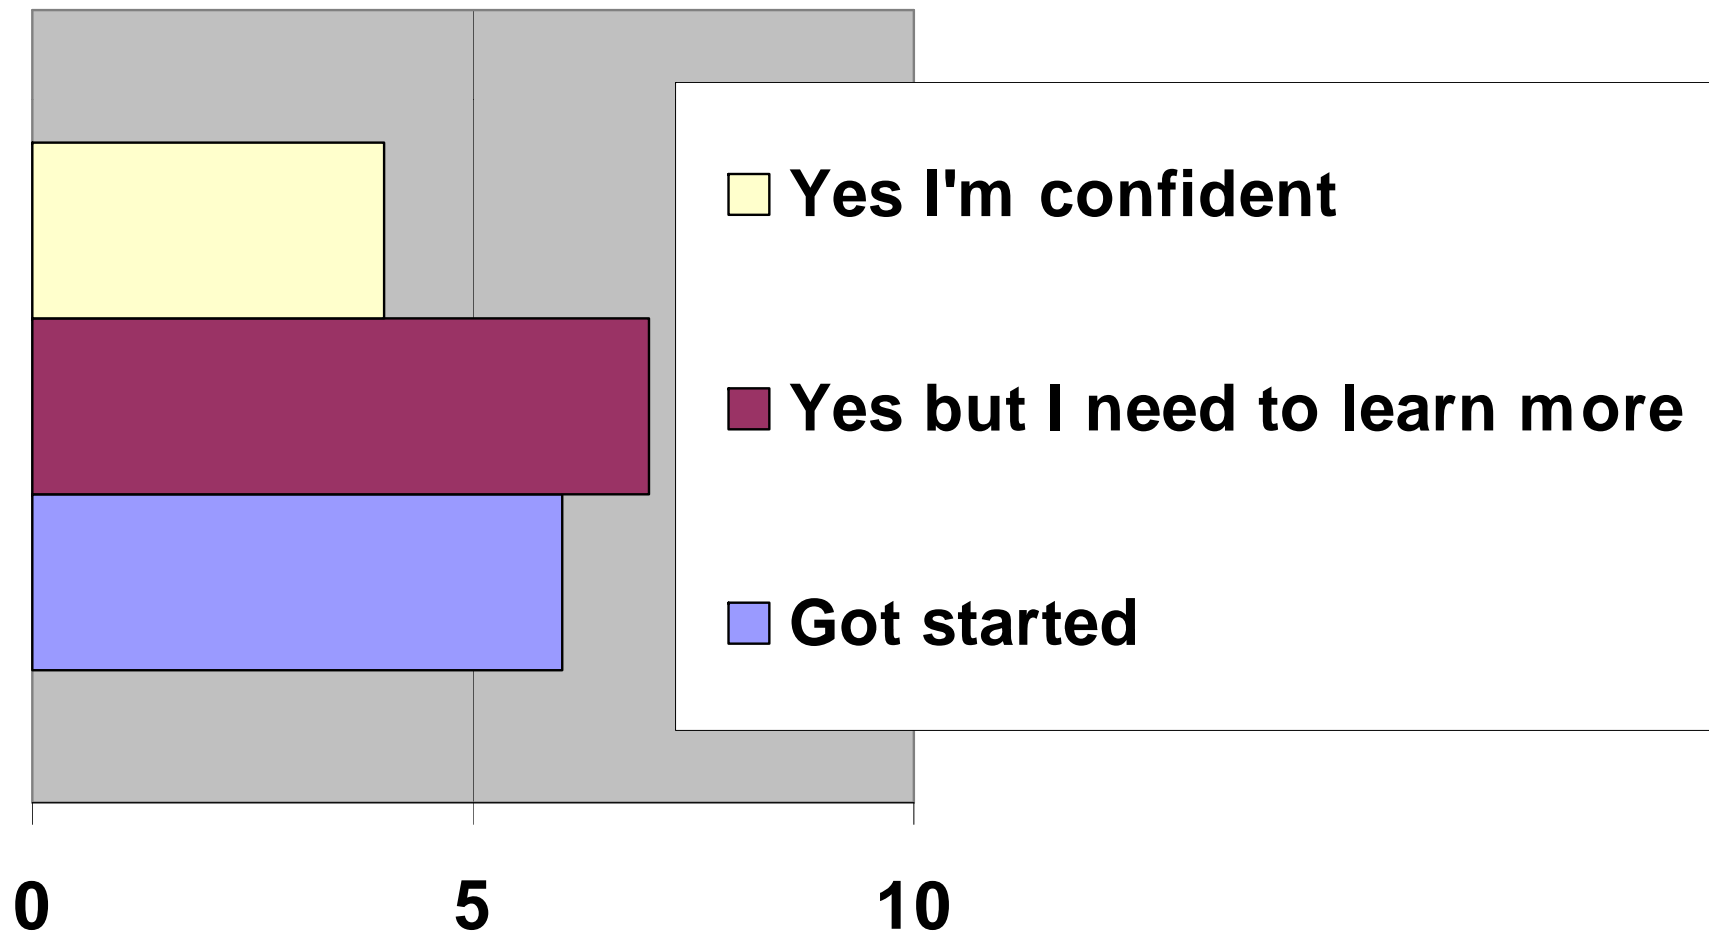

# Your satisfaction

## Your ratings

## Did you learn PAT?

## Conclusions

- ✓ Your feedback has been very valuable.
- ✓ **Format** could be more intense.
- ✓ The **lectures are preferred** to the modules without lectures.
  - but some contrary opinions as well.
- ✓ **Exercises** have been useful in most cases
  - we will review them based on your experience
  - feedback to lecturers or to “content providers” still welcome.
- ✓ **Remote** participation has been possible
  - No major problems with EVO recordings (5 participants have viewed them)
- ✓ No major problems with the elearning **web site**.
- ✓ Majority of you have got enough help from the **tutors**.
- ✓ Many (but not all of you) have been able to proceed with your **project**.
  
- ✓ We plan to repeat the course later this spring
  - some of you may be asked to become tutors 😊
