

Pilot Job Frameworks Review news

- ALICE
 - Have a doctoral student working on the glexec business full time
 - Have a prototype of a pilot job with glexec
 - Don't have a method yet to transport the user proxy to the WN (using MyProxy like ATLAS)
- VDT were asked to provide a MyProxy server built with support for VOMS attributes
 - Will simplify the pilot MyProxy usage for ATLAS and ALICE
 - Allow their pilot roles instead of DN lists as trusted retrievers
 - Delivery has been delayed, awaiting news
