

Pierre Ramond

About Raymond,

I have in front of me a beautiful book from Raoul-Rochette (1790-1854),
"Voyage Pittoresque dans la Valle de Chamouni et autour du Mont-Blanc".

It was a cherished gift from Raymond with a dedication which started as

"Le Monde est peut-tre fait de cordes, mais ce ne sont pas des cordes qui
emprisonnent le Mont Blanc ..."

Raymond represented the best we hope to achieve, with culture as a
product of the old world, with insight as a scientist, and humanity as a
person.
