

# Zimányi 2008 Winter School on Heavy Ion Physics

## Tuesday, 25 November 2008

### Developments at SPS and lower energies - Building 26, Tanácsterem, MTA MFA (16:00 - 18:00)

time	[id] title	presenter
16:00	[10] New read-out system of the NA61 Experiment at CERN SPS	LÁSZLÓ, András
16:30	[11] High pt physics in experiments SHINE/NA61 at SPS and CBM at FAIR	VESZTERGOMBI, György
17:00	[12] Dilepton production at SIS energies	WOLF, György
17:30	[13] High precision experiments on antiprotonic helium atoms in ASACUSA at CERN	SÓTÉR, Anna
