

Session Program

25-28 Nov 2008

Zimányi 2008 Winter School on Heavy Ion Physics

Future plans at CERN

KFKI Campus, Tanácsterem (Council rooms), Buildings 26 and 3
H-1121 Budapest XII, Konkoly-Thege M. u 29-33 Hungary

Tuesday 25 November

13:55

Future plans at CERN

Session |

Location: KFKI Campus, Building 26, Tanácssterem, MTA MFA, H-1121 Budapest XII, Konkoly-Thege M. u 29-33
Hungary

13:55–14:00

Greetings by Head, Department of Atomic Physics, ELTE University

Speaker

András Patkós

14:00–14:40

Planned upgrades of the CERN accelerator complex

Speaker

Roland Garoby

14:40–15:10

Low-scale gravity black holes at LHC

Speaker

Enikő Regős

15:10–15:40

Collective effects in p+p collisions at LHC energies

Speaker

Péter Lévai

15:40
