

## **Session Program**

**12-15 Jun 2016**

## **2nd PACMAN workshop**

### ***Frequency Scanning Interferometry***

Debrecen  
Debrecen Hungary

## Tuesday 14 June

09:00

### Frequency Scanning Interferometry

**Session** | **Location:** Debrecen, Debrecen Hungary | **Convener:** Mr Ben Hughes

09:00–09:20

#### Developments and Applications of the Absolute Multiline Technology

**Speaker**

Dr Heinrich Schwenke

09:20–09:40

#### Status of FSI network development for the PACMAN project

**Speaker**

Mr Solomon William Kamugasa

09:40–10:00

#### Recent developments in the field of frequency scanning interferometry

**Speaker**

Dr Michael Campbell

10:00–10:20

#### Results of the “Absolute Multiline” Measurements on the Very Large Telescope

**Speaker**

Dr Samuel Lévêque

10:20
