

The 12th International Workshop Dark Side of the Universe

Monday, 25 July 2016

Direct Dark Matter Detection - Egget auditorium in the UiB Student Center (16:30 - 18:30)

| time | [id] title | presenter |
|-------|---|--------------------|
| 16:30 | [13] Dark Forces in the Sky: signals from Z' and the dark Higgs | Dr CAI, Yi |
| 16:45 | [23] DAMA confronts null searches in the effective theory of dark matter-nucleon interactions | Mr WILD, Sebastian |
| 17:00 | [62] New Ideas for Detecting Light Dark Matter | ZUREK, Kathryn |
| 17:15 | [75] The LUX-ZEPLIN dark matter experiment | WOODWARD, David |
| 17:30 | [58] Latest results from the DRIFT dark matter detector | SCARFF, Andrew |
| 17:45 | [39] COSINE-100 experiment at Yangyang underground laboratory | Dr JEON, Eunju |
| 18:00 | [49] Direct dark matter detection with the DarkSide experiment | PAGANI, Luca |
| 18:15 | [37] Dark matter annual modulation with CUORE experiment | Ms MARINI, Laura |
