

Thank you for participating to
Welcome to CERN for the 3rd PLC/COTS
based Interlock and Protection Workshop

3rd PLC/COTS based Interlock and Protection WS

- Intense two days, with many excellent presentations, discussions, exchanges of ideas + meeting old and new friends/colleagues
- ... and a hopefully not too complicated logistics ☺
- It's been a pleasure for us here at CERN to host this year's edition, hoping that the format will live on in the future...

Primarily thanks to all of you for excellent presentations and lively discussions (about work and other equally important things)

My personal thanks to all of my CERN colleagues for helping me organizing this workshop ...

- Stefanie Sapountzi: Admin support and the many mails & phone calls
- Andrzej Siemko: For the budget code
- Enrique B., Jeronimo O., Jonas A., Pieter van T., Alain A., Richard M, Geza C., Yan B., Pierre D., Ivan R., Matteo S., Francesco V., Adriaan R., Daniel P., Guillaume M, Tomas L.: For all the preparation of the site visits
- The session conveners
- + for preparing the short write-ups for the discussions during the sessions and visits... (to be added on Indico)
-

Have a Safe Trip !!!
