FEEDBACK

“when everything developed, we will set stakeholder engagement meetings or in the next conference...can put it in itinerary to present it to make sure everyone knows about it”

- IDDRISU “water is life”

WATERisLIFE

EXHIBITION

UPSTAIRS

The background of the image consists of various blue ink splatters and blotches of varying sizes and colors, ranging from light blue to a deep, dark blue. The splatters are scattered across a light, off-white or cream-colored surface, creating an abstract, artistic pattern. The overall effect is soft and ethereal.

THANK YOU
