

Centre for Doctoral Training in Next Generation Accelerators Annual Conference

Wednesday 18 November 2015

Session 7 - 40/S2-A01 - Salle Anderson (11:15 - 12:20)

-Conveners: Haroon Rafique

time	[id] title	presenter
11:15	[21] A precise beam dynamic model of the PSI injector 2 with full collimation system to investigate the intensity limits	KOLANO, Anna
11:45	[22] Monte Carlo Simulation of Proton Induced DNA Damage in a Realistic Chromosomal Geometry and Subsequent Repair through the Non-Homologous End Joining Mechanism as Described by Brownian Bridge Interactions	Mr WARMENHOVEN, John
12:05	[23] CDT Management & Close
