

Varying Constants and Fundamental Cosmology – VARCOSMOFUN'16

Tuesday 13 September 2016

Plenary session II - Room 7 (09:00 - 11:00)

-Conveners: John Webb

time	[id] title	presenter
09:00	[105] Frequency ratios of optical lattice clocks at the 17th decimal place	Prof. KATORI, Hidetoshi
10:00	[34] Search for varying constants and new physics from molecular hydrogen	UBACHS, Wim

Plenary session II - Room 7 (11:30 - 12:30)

-Conveners: John Webb

time	[id] title	presenter
11:30	[102] Measuring α -variation using highly-charged ions: clocks, calculations and astrophysics	Prof. BERENGUT, Julian
