

Session Program

12-17 Sept 2016

Varying Constants and Fundamental Cosmology - VARCOSMOFUN'16

[MV] Multiverse

Szczecin, Poland
Maritime University of Szczecin Campus, Szczerbcowa 4, 70-503 Szczecin

Friday 16 September

14:00

[MV] Multiverse

Session | **Location:** Room 6, Szczerbowa 4, 70-503 Szczecin | **Convener:** Salvador Robles

14:00–14:35

The false vacuum bubble as the creation of our universe

Speaker

Dr Lee Wonwoo

14:35–15:10

The cosmological constant problem in piecewise-linear models of quantum gravity

Speaker

Dr Marko Vojinovic

15:10–15:40

Observational consequences of an interacting multiverse

Speaker

Dr Salvador Robles-Perez

15:40
