

ÉCOLE POLYTECHNIQUE
FÉDÉRALE DE LAUSANNE

Open Problem Statements

IML LHC Machine Learning WG

Tim Head and Gilles Louppe

École Polytechnique Fédérale de Lausanne, New York University

7 December 2015

Problem Statements

- Focussed on problems to which we are not sure a solution exists.

Problem Statements

- Very large amounts of easily accessible data.

Problem Statements

- Attract academics.

Problem Statements

- Problem statements vs challenges

Problem Statements

- Proceedings/workshops, a long running campaign

Problem Statements

- Interested? Join such an effort by talking to Gilles and me!

DREAM Challenge

As an example: <https://www.synapse.org/#!/Synapse:syn4231880/wiki/235650> is a complex challenge running over a long time.
