

Session Program

29 May 2016 to 3 June 2016

**Blois 2016: 28th Rencontres de Blois on
"Particle Physics and Cosmology"**

***Special session on "Hot Topics in Particle and
Astroparticle Physics 1"***

Gaston d'Orléans
Château de Blois, Blois, Loire Valley, France

Thursday 2 June

16:30

Special session on "Hot Topics in Particle and Astroparticle Physics 1"

Session | **Location:** Dining Room | **Convener:** Gregorio Bernardi

16:30–16:50 **Search for di-photon resonances with the ATLAS experiment**

Speaker

Mr Simone Michele Mazza

16:50–17:10 **Is there a X(750) signal?**

Speaker

Livia Soffi

17:10–17:30 **Theoretical interpretations of the diphoton excess**

Speaker

Sebastian Ellis

17:30
