

**Session Program**

**29 May 2016 to 3 June 2016**

**Blois 2016: 28th Rencontres de Blois on  
"Particle Physics and Cosmology"**

***Special session on "Hot Topics in Particle and  
Astroparticle Physics 2"***

Gaston d'Orléans  
Château de Blois, Blois, Loire Valley, France

## Thursday 2 June

16:30

### Special session on "Hot Topics in Particle and Astroparticle Physics 2"

**Session** | **Location:** Marguerite de Valois, Ground floor | **Convener:** Kate Scholberg

16:30–16:50 **Constraints on Neutrino Mass from the Lyman-alpha Forest**

**Speaker**

Julien Baur

16:50–17:10 **Current status of the CRESST experiment**

**Speaker**

Holger Kluck

17:10–17:30 **Search for Galactic Pevatrons with H.E.S.S.**

**Speaker**

Aion Viana

17:30
