

Science & Technology Facilities Council

e-Science

meeting objectives

Gilles Mathieu – STFC

GAG meeting, Abingdon

4 December 2008

Science & Technology Facilities Council

e-Science

Tonight we should:

- Know where we are
- Have an agreed, prioritised and filtered list of “standard” GOCDB developments
- Have future GOCDB model proposal understood and validated
- Have GOCDB WS interfaces proposal understood and validated
- Have a clear view of what is feasible or not
- Have clear working plans and milestones
