SCD Cloud at STFC

Tuesday, 19 April 2016 12:15 (25 minutes)

An update on the cloud deployment in the Scientific Computing Department at RAL.
I will describe our OpenNebula deployment and the use cases we have online including LOFAR.
Our OpenNebula deployment has served us well, however new requirements mean that we are looking at OpenStack again.
I will describe how we are deploying OpenStack as a replacement for OpenNebula and the work done to get this online.

Length of presentation (minutes, max. 20)

15

Primary author: DIBBO, Alexander (STFC RAL)

Presenter: DIBBO, Alexander (STFC RAL)

Session Classification: Grids, clouds, virtualisation

Track Classification: Grid, Cloud & Virtualisation
