

3rd International Conference on the Initial Stages in High-Energy Nuclear Collisions (InitialStages2016)

Friday, 27 May 2016

Outlook - Grande Anfiteatro (12:00 - 13:00)

-Conveners: Ulrich Heinz

time	[id] title	presenter
12:00	[107] What features of the initial stages will not be tractable (or will, but without sufficient precision) with current or foreseeable theoretical tools?	TEANEY, Derek
12:30	[106] What aspects of the initial stages will not be feasibly tested in the near future?	PLOSKON, Mateusz

Outlook - Grande Anfiteatro (14:30 - 15:50)

time	[id] title	presenter
14:30	[108] New experimental conditions in the near future at RHIC and LHC	MORRISON, David
15:00	[109] Expected accelerator conditions for the near future	Dr JOWETT, John
15:30	[153] Closing
