CERN Visits

Programme website

The screenshot shows the website for the Welsh Teachers Programme. At the top left is the Welsh flag and the title 'Welsh Teachers Programme'. Below this, the dates '22-25 February 2016' and 'CERN' are listed, along with a search bar. A navigation menu on the left includes 'Overview', 'Timetable', and 'Support: Jeff Wiener'. The main content area provides an overview of the programme, contact information for Jeff Wiener, and details about the scientific programme and agenda. It also lists the Teacher Programme Coordinator, emergency contact information, start and end times, and location. A 'Materials' section at the bottom right contains links to articles about last year's visit.
