

Session Program

18-22 May 2009

**6th International Workshop on Neutrino-
Nucleus Interactions in the Few-GeV Region
(NUINT 09)**

Single pion production II

Sitges (Barcelona) Spain
Palau Maricel Sitges (Barcelona) Spain

Friday 22 May

09:00

Single pion production II

Session | Location: Sitges (Barcelona) Spain, Palau Maricel Sitges (Barcelona) Spain

09:00-09:25

Neutrino induced pion production at MiniBooNE and K2K within the GiBUU model

Speaker

Tina Leitner

09:25-09:45

Coherent Pion production (PCAC)

Speaker

Prof. Emmanuel Paschos

09:45-10:00

PCAC and coherent pion production by low energy neutrinos

Speaker

Prof. Christoph Berger

10:00-10:15

neutrino-induced coherent pion production at low energies

Speaker

Dr Eliecer Hernandez-Gajate

10:15-10:30

Dynamical Model Approach to Coherent Pion Production

Speaker

Dr Satoshi Nakamura

10:30-10:50

Discussion

10:50
