

**Session Program**

**18-22 May 2009**

**6th International Workshop on Neutrino-  
Nucleus Interactions in the Few-GeV Region  
(NUINT 09)**

***Current and future neutrino experiments I***

Sitges (Barcelona) Spain  
Palau Maricel Sitges (Barcelona) Spain

# Wednesday 20 May

11:00

## Current and future neutrino experiments I

Session | Location: Sitges (Barcelona) Spain, Palau Maricel Sitges (Barcelona) Spain

11:00-11:25 **Status of the OPERA experiment**

**Speaker**

Dmitry Naumov

11:25-11:50 **The ND280 near detector of the T2K experiment**

**Speaker**

Dr Andrea Ferrero

11:50-12:15 **MINERvA**

**Speaker**

Prof. Michael Kordosky

12:15-12:40

**MicroBoONE: A New Liquid Argon Time Projection Chamber Experiment**

**Speaker**

Dr Mitchell Soderberg

12:40-13:00

**ArgoNeuT: a liquid Argon TPC for the study of neutrino interactions in the intermediate energy range**

**Speaker**

Dr Maddalena Antonello

13:00
