

Session Program

18-22 May 2009

6th International Workshop on Neutrino- Nucleus Interactions in the Few-GeV Region (NUINT 09)

Single pion production III

Sitges (Barcelona) Spain
Palau Maricel Sitges (Barcelona) Spain

Friday 22 May

11:20

Single pion production III

Session : Location: Sitges (Barcelona) Spain, Palau Maricel Sitges (Barcelona) Spain

11:30-11:45

First CCpi+ Cross Section Results from MiniBooNE

Speaker

Dr Michael Wilking

11:45-12:00

Q2 discrepancies : data confronts theory

Speaker

Jaroslaw Nowak

12:00-12:20

Search for neutrino charged current coherent pion production at SciBooNE

Speaker

Katsuki Hiraide

12:30-12:40

Search for anti-neutrino charged current coherent pion production at SciBooNE

Speaker

Dr Hidekazu TANAKA

12:40-13:00

Discussion

13:20
