

Session Program

18-22 May 2009

**6th International Workshop on Neutrino-
Nucleus Interactions in the Few-GeV Region
(NUINT 09)**

Confronting theory, models & data

Sitges (Barcelona) Spain
Palau Maricel Sitges (Barcelona) Spain

Tuesday 19 May

09:00

Confronting theory, models & data

Session | Location: Sitges (Barcelona) Spain, Palau Maricel Sitges (Barcelona) Spain

09:00-09:45

Experimental review -- needs from theory and models.

Speaker

Dr Richard Gran

09:45-10:30

Neutrino Event Generator Review

Speaker

Hugh Gallagher

10:30-11:15

How much nuclear physics do we need to understand the neutrino-nucleus cross section ?

Speaker

Omar Benhar

11:15
