

6th International Workshop on Neutrino-Nucleus Interactions in the Few-GeV Region (NUINT 09)

Monday 18 May 2009

Electron scattering and its connections to neutrino-nucleus interactions I (15:00 - 16:30)

time	[id] title	presenter
15:00	[116] Electron scattering data and its use in constraining neutrino models	Dr ANDREOPOULOS, Costas
15:30	[23] Relativistic models for electron and neutrino-nucleus scattering	Dr GIUSTI, Carlotta
16:00	[80] Nucleon Form Factors: recent experimental progress.	BRASH, Edward
