

6th International Workshop on Neutrino-Nucleus Interactions in the Few-GeV Region (NUINT 09)

Wednesday, May 20, 2009

CC and NC quasi-elastic scattering III (9:00 AM - 10:30 AM)

time	[id] title	presenter
9:00 AM	[35] Impact of nuclear effects on the determination of the nucleon axial mass	Dr MELONI, Davide
9:20 AM	[36] Kinematic reconstruction of atmospheric neutrino events in a large water Cherenkov detector with proton identification	WALTER, Chris
9:40 AM	[120] Neutrino-Nucleus Neutral Current Elastic Interactions in MiniBooNE	TAYLOE, Rex
10:05 AM	[119] Neutrino-Nucleon Neutral Current Elastic Scattering at SciBooNE	TAKEI, Hideyuki
