
Introduction

- Roadmap:
 - The first review period has just finished
 - Several sets of comments have been received and promised
 - Thanks!
 - Plan to have a new draft for collaboration wide review next week
 - Supporting notes:
 - 1 already public
 - 2 under review within the CPWG
 - 1 (+1?) still in preparation
 - $B \rightarrow D(K3\pi)K$ will be presented today:
 - If results are considered in good enough shape then they will be added and a supporting document will be prepared
- Other important topics for this meeting:
 - Stripping and the trigger evolution
- Next meeting 2/4/2009
