D. Chromek-Burckhart – Head of Users' Office

Statistics: Number of USERS 2000-2015

Number of USERS

	2000	2001	2002	2003	2004	2005	2006	2007	2008	2009	2010	2011	2012	2013	2014	2015	2016
— F	679	686	664	721	740	764	770	953	1142	1301	1400	1480	1556	1665	1714	1846	1966
— M	4673	4772	4617	4828	4832	4964	5194	6011	6756	7275	7518	7693	8007	8206	8214	8598	9133
— Grand Total:	5352	5458	5281	5549	5572	5728	5964	6964	7898	8576	8918	9173	9563	9871	9928	10444	11099

Data valid on the first day of the year (snapshot data)
 USER: MPA of CERN category USER

Number of USERS 2000-2015

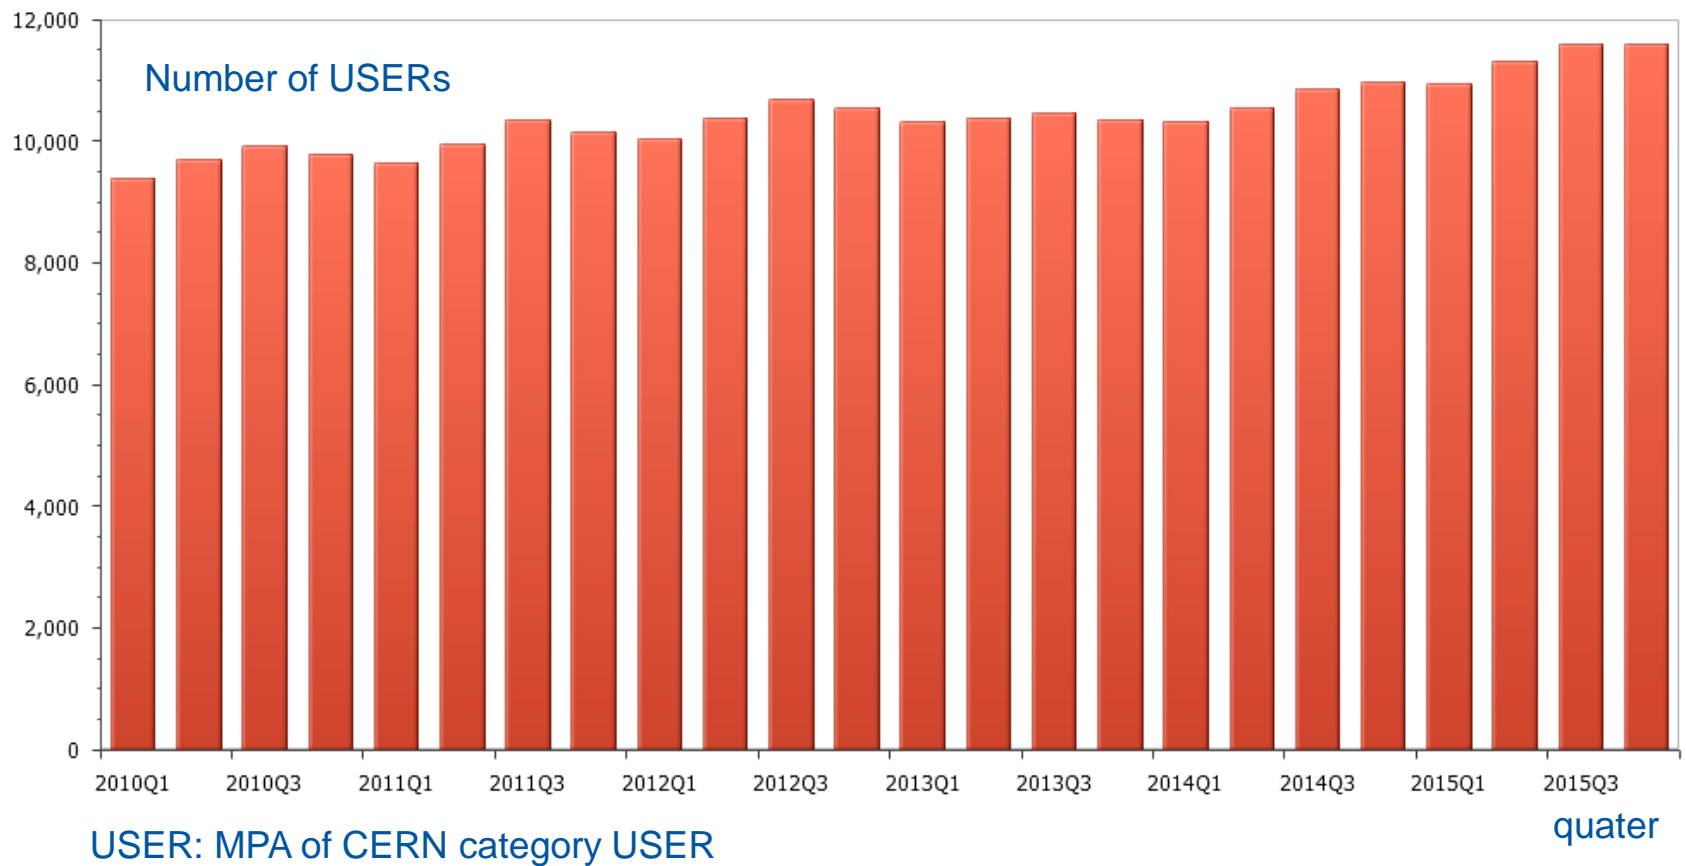

Accumulated number of USERS who were registered in the given year

USER: MPA of CERN category USER

Number of USERS per quarter

Accumulated number of USERS who were registered in the given quarter
2010 to 2015

Number of USERS with short term contracts

Accumulated number of USERS who were registered in the given quarter from 2010 to 2015 with a short term contract (less or equal 3 months)

Users – Institutes – Countries

Further data is available on the

Number of **Users per country**

Number of **Institutes per country**

Percentage of Users who hold the **nationality of the country** in which **the institute resides in**

It can be viewed on the

Users' Office Web site: annual statistics

New ticketing system in the Users' Office for visits in person for contract handling or welcome service questions

example:

over 1000 visits to the Users' Office served in January

Number of Users at CERN in age groups

Number of Users at CERN in age groups - March 2016

Total number of female Users at CERN in age groups in % - March 2016

promising trend of increasing number of young female physicists

Number of Users at CERN in age groups

Number of Users of the four large LHC experiments in age groups - March 2016

Thank You
