

Session Program

20-29 Jul 2006

MC4LHC - 2006

EW/QCD background simulations

CERN

Friday 21 July

13:30

EW/QCD background simulations

Session | Location: CERN, 40-SS-C01

13:30-13:40 **Higgs production via VBF: Comparison between generators**

Speaker

Bruce Mellado Garcia

13:40-13:50 **Multi-jet final states: ALPGEN experience in CMS**

13:50-14:10 **Heavy Particles and Hard Jets**

Speaker

Dr Peter Skands

14:10-14:30 **Merging Matrix Elements and Parton Showers with Sherpa**

Speaker

Steffen Schumann

14:50-15:00 **Ariadne and CKKW**

Speaker

Leif Lönnblad

16:00
