

Session Program

10 March 2016

UK community meeting on CMOS sensors for particle tracking

The Wider Context

Cosener's House
15-16 Abbey Close Abingdon OX14 3JD

Thursday 10 March

13:50

The Wider Context

Session | **Location:** Cosener's House, 15-16 Abbey Close Abingdon OX14 3JD

13:50-14:10

• **RD50 and industrial contacts (15+5)**

Speaker

Gianluigi Casse

14:10-14:30

CMOS applications for charged particle detection (nuclear/mass spectroscopy/medical) (15+5)

Speaker

Daniel Muenstermann

14:30-14:50

CMOS applications for photon detection (x-rays/photon/astronomy) (15+5)

Speaker

Andrew Blue

14:50
