

Session Program

10-12 Feb 2016

7th SHiP Collaboration Meeting

Physics

CERN, 222/R-001

Friday 12 February

09:25

Physics

Session | **Location:** CERN, 222/R-001 | **Convener:** Nicola Serra

09:25–09:40 **Introduction**

Speaker

Nicola Serra

09:45–10:05 **Cascade production and implication for the background**

Speaker

Hans Dijkstra

10:10–10:30

Dedicated experiment to measure charm cross section (Status and Progress)

Speaker

Giovanni De Lellis

10:30–11:00 **Coffee break**

11:00–11:20 **Acceptance studies for Dark Scalars**

Speaker

Gaia Lanfranchi

11:25–11:45 **ALP to two photons**

Speaker

Walter Marcello Bonivento

12:00
