

PSD9: The 9th International Conference on Position Sensitive Detectors

Monday, 12 September 2011

Knowledge Transfer and Commercial Opportunities for PSDs (13:50 - 15:50)

-Conveners: Carlos Huggins

time	[id] title	presenter
13:50	[96] Opportunities for the community towards a Sensors - Technology Innovation Centre (TIC)	HUGGINS, Carlos
14:10	[105] The development of x-ray imaging for airport security, defence and medical markets	Dr MCGRATH, John
14:50	[95] KE towards High k dielectrics, CMOS and solar cells	Dr RUSHWORTH, Simon
15:30	[18] Detection of explosive materials with Gamma Resonant Nuclear Absorption and Argon-Nitrogen TPC	Dr KRESLO, Igor

Knowledge Transfer and Commercial Opportunities for PSDs (16:30 - 17:30)

-Conveners: Carlos Huggins

time	[id] title	presenter
16:30	[25] Tracking of moving fiducial markers during radiotherapy using a CMOS active pixel sensor.	Dr OSMOND, John
16:50	[55] A High Purity Germanium detector for Compton imaging in nuclear medicine	Dr HARKNESS, Laura
17:10	[120] High resolution SFOV gamma camera systems	LEES, John
