

# European Cryogenics Days, academia meets industry on developments in cryogenics

Contribution ID: 45

Type: **not specified**

## Research activities on cryogenic safety

The talk gives an overview of current experimental and theoretical work on cryogenic safety in the frame of a collaboration between KIT and CERN. In addition, the activities to organize a working group at the European Committee for Standardization (CEN) is presented, which will work on a European standard on safety of liquid helium cryostats.

### Summary

**Primary author:** GROHMANN, Steffen (Karlsruhe Institute of Technology)

**Presenter:** GROHMANN, Steffen (Karlsruhe Institute of Technology)

**Session Classification:** Research in the cryogenic field (chairperson: Christoph Haberstroh)
