

Session Program

23-27 Jun 2009

Hadronic calibration workshop 2009

Local hadron calibration

Foz do Arelho (Portugal)

Wednesday 24 June

14:30

Local hadron calibration

Session | **Location:** Foz do Arelho (Portugal)

14:30-14:40 **Intoduction and Session Guide**

Speaker

Sven Menke

14:40-14:41

Material submitted: Description of Topological Cluster Moment in the Barrel CTB

Speaker

Tancredi Carli

14:40-14:41 **Material: Jet Moment Studies**

Speaker

Andreas Jantsch

14:40-14:41

Material submitted : Local Hadron Calibration Performance for Jet reconstruction

Speaker

Paola Giovannini

14:40-14:41 **Material: Performance update for single pions**

Speaker

Guennadi Pospelov

14:40-14:41 **Material: Charged pion and electron moments from CTB2004 data**

Speaker

Pavol Strizenec

14:49-14:50 **Material: Reconstruction of Topoclusters with Pileup**

Speaker

Christoph Ruwiedel

14:49-14:50

Material submitted: Energy Flow using TopoClusters and Local Hadron Calibration

Speaker

Mark Hodgkinson
