

Session Program

23-27 Jun 2009

Hadronic calibration workshop 2009

***Cell energy density weighting for jet
calibration***

Foz do Arelho (Portugal)

Wednesday 24 June

16:30

Cell energy density weighting for jet calibration

Session | Location: Foz do Arelho (Portugal)

16:30-16:50 Summary by the conveners

16:50-17:10

Material: Layer calibration, adding energy constraint to minimization and difference between H1 fine and coarse granularity

18:00
