

Session Program

2 March 2016

LHC students poster session

Detector upgrades and R&D

CERN, 61/1-201 - Pas perdus - Not a meeting room -

Wednesday 2 March

17:08

Detector upgrades and R&D

Poster Session | **Location:** CERN, 61/1-201 - Pas perdus - Not a meeting room -

Sensor prototype characterization for the ALICE ITS upgrade

Speaker

Monika Kofarago

Development of geometrical description for the simulation of the ATLAS New Small Wheel

Speakers

Archil Surmava, Niko Tsutskiridze

Impact of an Extended ATLAS Tracker on $W^\pm W^\pm$ Scattering at a High-Luminosity LHC

Speaker

Adriana Milic

Diamond timing detector for the TOTEM experiment

Speaker

David Lucsanyi

19:00
