

TWEPP-09 Topical Workshop on Electronics for Particle Physics

Tuesday, 22 September 2009

Parallel session B1 - Systems, Installation and Commissioning (09:45 - 10:35)

-Conveners: Geoff Hall

time	[id] title	presenter
09:45	[132] The Noise Performance of the CMS Detector	Dr LUSIN, Sergei
10:10	[96] Commissioning of the DT electronics under magnetic field.	Mrs FERNANDEZ BEDOYA, Cristina

Parallel session B1 - Systems, Installation and Commissioning (11:00 - 13:05)

-Conveners: Ken Wyllie

time	[id] title	presenter
11:00	[42] Data acquisition system for a proton imaging apparatus	Dr SIPALA, Valeria
11:25	[23] BAO radio electronic system	Mr CHARLET, Daniel
11:50	[89] Deep-sea data transfer at the KM3NeT neutrino telescope	Dr HALLEWELL, Gregory
12:15	[12] Commissioning and performance of the Preshower off-detector readout electronics in the CMS experiment	Dr VICHODIS, Paschalis
12:40	[128] In-situ performance of the CMS Preshower Detector	Dr BIALAS, Wojciech
