

TWEPP-09 Topical Workshop on Electronics for Particle Physics

Tuesday, 22 September 2009

Parallel session B2b - Radiation tolerant components and systems (16:40 - 17:55)

| time | [id] title | presenter |
|-------|--|------------------------|
| 16:40 | [124] Measurement of radiation damage of 130nm hybrid pixel detector readout chips | Dr PLACKETT, Richard |
| 17:05 | [126] Radiation tests on the complete system of the instrumentation of the LHC Cryogenics at the CERN Neutrinos to Gran Sasso (CNGS) test facility | Ms GOUSIOU, Evangelina |
| 17:30 | [133] Development of new readout electronics for the ATLAS LAr calorimeter at the sLHC | STRAESSNER, Arno |
