

Flavour in the Era of LHC

WG3 writeup status report

Martti Raidal
Tallinn

Present situation

- Structure presented in Andries web page

<http://www.physik.unizh.ch/~andries/WG3report>

- We have got responses from everybody
 - 7 reports (+ some more ready)
 - 16 outlines (2 experimental)

Issues to address

- GUTs in Section 2.6 (Borut Bajc)
 - Leptoquarks
- Quark-lepton complementarity
- Unitarity + universality (4.2.6)
- Common topics with WG1,2
- Time schedule
 - First iteration by Jan. 15, 2007
 - First “final” draft by March 1, 2007
